

## **MIA 2024**

### **Accreditations Rules**

#### **1. INTRODUCTION**

MIA | Mercato Internazionale Audiovisivo (hereafter called 'MIA') is a brand and a project promoted by ANICA (Associazione Nazionale Industrie Cinematografiche, Audiovisive e Digitali) and APA (Associazione Produttori Audiovisivi).

APA Service and ANICA organize MIA 2024 through a Temporary Grouping of Companies (hereafter called 'TGC'), with the support of The Ministry of Foreign Affairs and International Cooperation - ICE Agency, and is supported by Creative Europe MEDIA, with the contribution of the Ministry of Culture, the Ministry of Enterprises and Made in Italy, the Lazio Region, and supported by the official sponsor Unicredit and other prestigious private sponsors.

MIA is considered one of the main international market events dedicated to audiovisual professionals. Its tenth edition will take place in Rome from the 14th to the 18th of October 2024 and on the MIA Digital platform, offering five days of specific programs, featuring dedicated pitching forums, showcases, networking events, conferences, workshops and talks, aimed at strengthening relationships among industry professionals and promoting new collaboration agreements.

These Regulations govern admission to MIA and the issuance of the accreditation and the QR code, as well as passwords for the MIA Digital platform, and entry to the physical locations of MIA.

The request of the accreditation implies the acceptance of this Regulation. Any violation will justify the withdrawal of the login credentials.

The Director of MIA has the right to resolve all cases not provided for by these Regulations, as well as to make exceptions to the Regulations in specific and justified cases. In the event of any disputes regarding the interpretation of individual articles of the Regulations, the original Italian-written text shall prevail.

The present Regulations do not constitute a public offer, and the receipt of applications to participate in MIA is in no way binding for the organizing TGC and does not entail any obligation towards the interested parties and/or participants, nor can it be considered to establish any right to receive a service from the TGC.

#### **Diversity, Equity, and Inclusion Policy**

MIA is committed to promoting diversity, inclusion, and gender equality in its activities and throughout the entire audiovisual industry. This is in line with the principles of equality and

cultural diversity and the need to ensure that the industry and the content offered by it are representative of society. MIA supports and promotes creative, financial, artistic, social, cultural, and ethical criteria for every project and talent selected for the official program of the event. MIA supports artistic freedom of expression, the representation of cultural diversity, and cooperation. By confirming that the TGC will give maximum attention to every request, it is reiterated that the final decision on the admission to MIA and the issuance of the accreditation (subject to this methodology) shall be expressed by the unquestionable discretion of the Director of MIA. The accreditation is valid for the entire duration of MIA. The accreditation must be shown upon request to personnel in all the areas where the activities of MIA take place.
